TECHNICAL BULLETIN — DECEMBER 2007

## 329. Maintenance and Evacuation Platforms

Following the reports of an accident at Disney World, Florida involving the collapse of an evacuation/maintenance platform the committee wishes to remind the membership that these platforms should be considered within the design risk assessment from the designer and may require detailed consideration during the design review, assessment of conformity process and subsequent annual through examination.

Committee Members:- Mr. R Nichols(Chairman), Mr. P Smith,  
Mr. J Green, Mr. P Mitchell, Mr. R Dale, Mr. M Wolstenholme, Mr. G Docherty & Mr. D Inman
