TECHNICAL BULLETIN — JUNE 2008

356. Expiry dates on DOC's

It has come to the attention of the standards committee that an AIB, without prior knowledge or permission of the original author, has extended the expiry dates of an NDT report issued the previous year.

We wish to remind all AIB's and IB's that this practice is unacceptable and it must be remembered that the earliest report expiry date will expire the DOC. Report dates should not be altered in order to issue a DOC.

Similarly, it has come to our attention that an AIB has re-issued or extended DOC's for logistical reasons prior to any annual inspection. This practice contravenes current guidance.
