INCIDENT BULLETIN — April 2016

## **035. Inflatable device incident resulting in fatality**

In March an inflatable device being operated at a fair in Harlow, Essex, was apparently blown over by strong winds. This resulted in the death of a 7-year-old girl. A BBC report on the incident can be found at the following link:

<http://www.bbc.co.uk/news/uk-england-essex-35909396>

Operators and controllers can also find HSE guidance on the safe operation of inflatables at the following link, where a link to details of the PIPA scheme covering inflatable equipment is also available:
