INCIDENT BULLETIN — February 2017

055. Disco Dancer, India

An accident has occurred on a ride called a Disco Dancer at the Kishkinta amusement park in Chennai, India.

Video footage in the link below shows the ride in operation before the accident, in which the circular rider carrier section comes off the track on which it is moving from end to end, while at the same time revolving. According to reports those on the ride were workers from the park. One person is said to have died and seven others were injured in the incident.
