TECHNICAL BULLETIN - JULY 1992

020. Generic Names of Rides

We have been requested by the Showmen's Guild of Great Britain to ask for the help of NAFLIC members in relation to identification of rides on certificates. You are requested, when you complete a certificate, to identify a ride by its generic name (e.g. MATTERHORN) followed by the actual name by which it is known e.g. MATTERHORN (PHANTOM CHASE).

The Guild feel that this will help them to find relevant paperwork more easily. The Committee think this is a helpful suggestion which we hope that members will put into practice.
